AS A

Congratulations, Writer! You prepared well for this creative journey, with a Tale Map for direction, Story Sparks to ignite your imagination, and Inner Editor Repellent to fend off doubts. But none of that would have mattered without one thing: you. You made the time each day to write. You carried on when the sky grew dark and the path disappeared in the brush. You reached deep inside yourself to find the talent and courage to follow through. Now you've got new skills to add to your creative backpack, and a brand-new story to share with the world!
